

**HAND-BUILT
BRITISH
GARDEN
BUILDINGS**

We're proud to offer high-quality, British-made garden buildings that are built to last. From classic garden sheds, summerhouses, potting sheds, to storage and fencing, everything is crafted with care and delivered with friendly, reliable service.

BUILT TO BE BETTER

With years of British heritage and carpentry at our core, we pour genuine care and craftsmanship into every single timber panel we create. We manage the whole journey, from sourcing sustainable wood to delivering, and then then offering the option for us to carefully install the finished garden building.

TRUSTED BY DEVELOPERS & CONTRACTORS

As established trade shed suppliers, we work with house builders, property developers and landscape gardening companies that need reliable garden buildings supplied at scale.

Reliable
production &
delivery schedules

Consistent shed
specifications across
multiple sites

Competitive
wholesale pricing for
bulk & repeat orders

A great choice for a traditional garden building with plenty of headroom and long-lasting strength.

APEX

Offering a more modern look and are ideal for gardens where space needs to be used efficiently.

PENT

PRESSURE-TREATED SHEDS

The British weather loves to throw surprises our way. If you're looking for a heavy-duty, low-maintenance option that can take years of wind and rain without flinching, our Pressure Treated selection is exactly what you need.

By forcing preservative deep into the timber's core under high pressure, these sheds offer 15 years of built-in resistance to damp, rot, and pesky garden bugs!

SWITCH-IT SHEDS

This design allows you to position doors and windows on whichever side best suits your garden layout.

Every panel is thoroughly dipped in a high-quality, water-based preservative during manufacturing.

Garden sheds, potting sheds, and summerhouses are all included in the **Switch-It Sheds** style.

With our Potting Shed range, you'll have a dedicated area to nurture your plants, try out new techniques, and watch your garden flourish season after season.

POTTING SHEDS

SUMMER HOUSES

Whether you're after a cosy reading nook, a stylish garden office, or a space to entertain friends, our Summerhouses are designed to fit your lifestyle and your garden.

MOBILITY SHEDS

Our Mobility Bike Shed range is specially designed to provide easy, accessible storage for mobility scooters, wheelchairs and other equipment.

BIKE SHEDS

Keep your bicycles secure and protected from the elements with our range of wooden bike sheds, built in the UK using strong, pressure-treated timber.

Empire
SHEDS

LOG STORES & WHEELIE BIN STORES

Our Log Stores are designed to keep firewood dry and tidy. The slatted structure allows air to circulate while the roof protects the logs from rain.

For hiding away those unsightly waste bins and adding an element of style to your garden, we offer our Wheelie Bin Store options.

SHEDS TO MAXIMISE YOUR SPACE

LEAN-TO SHEDS

Our Lean-To Sheds can sit comfortably along a boundary, with rainwater running naturally running off one side with their single sloping pent roof style.

ALLEYWAY SHEDS

Perfect for practical bike storage, or a clever way to create a side passage from the front to the back of your house, is our Alleyway Shed design.

DOOR AT EACH END SHEDS

The ultimate solution for effortless garden storage is our Door at Each End Shed range. With dual-side access, your tools are always within reach.

Keep your workspace tidy and efficient with our range of shed shelving, designed to maximise storage in any garden building.

SHELVING & SHED BASES

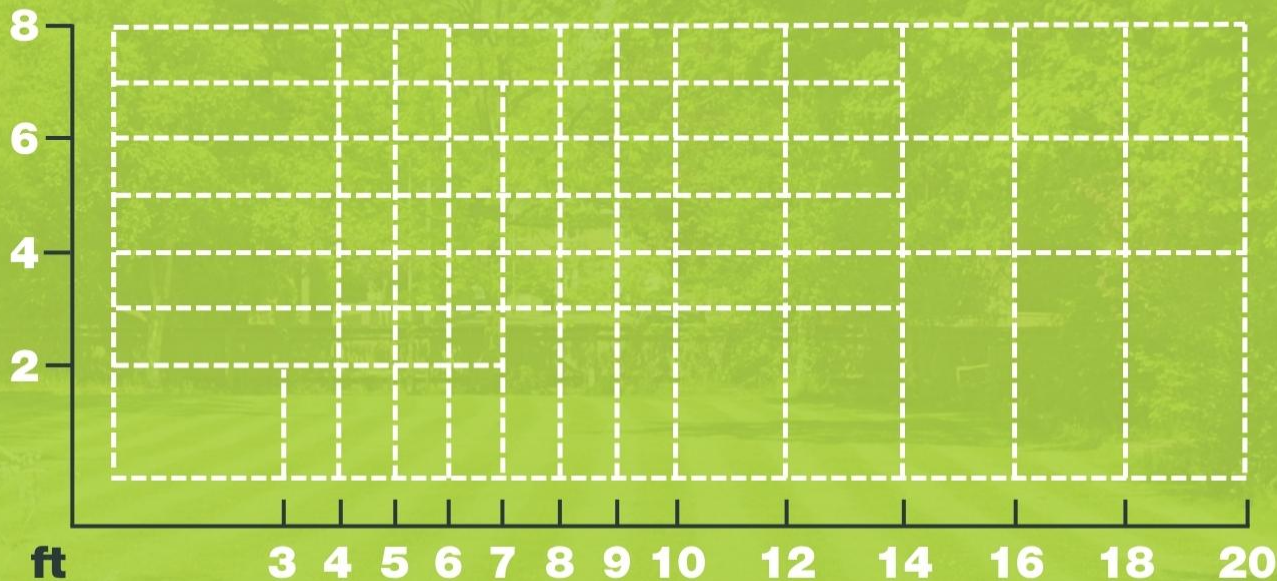

Available for every shed size, give your new building a solid foundation with our durable Shed Bases. Designed to provide stability and protect your timber from ground moisture.

ALL SIZES FOR ALL SPACES

Find your perfect fit with our huge range of quality timber buildings and garden sheds, ranging from a compact 3x2ft right up to an expansive 8x20ft potting shed.

VERTICAL TONGUE & GROOVE FENCE

Classic style meets maximum security.
Our Vertical Tongue & Groove Fence is
engineered for strength and total privacy,
making it the ideal choice for any garden.

HORIZONTAL SLATTED FENCES

Bring light and style to your garden with our easy-to-install Horizontal Slatted Fence. Designed to let sunlight filter through, it creates a bright, open feel while maintaining your privacy.

DELIVERY

We offer free delivery on all shed purchases and orders exceeding £200 across mainland England, Wales, and the cities of Glasgow and Edinburgh.

INSTALLATION

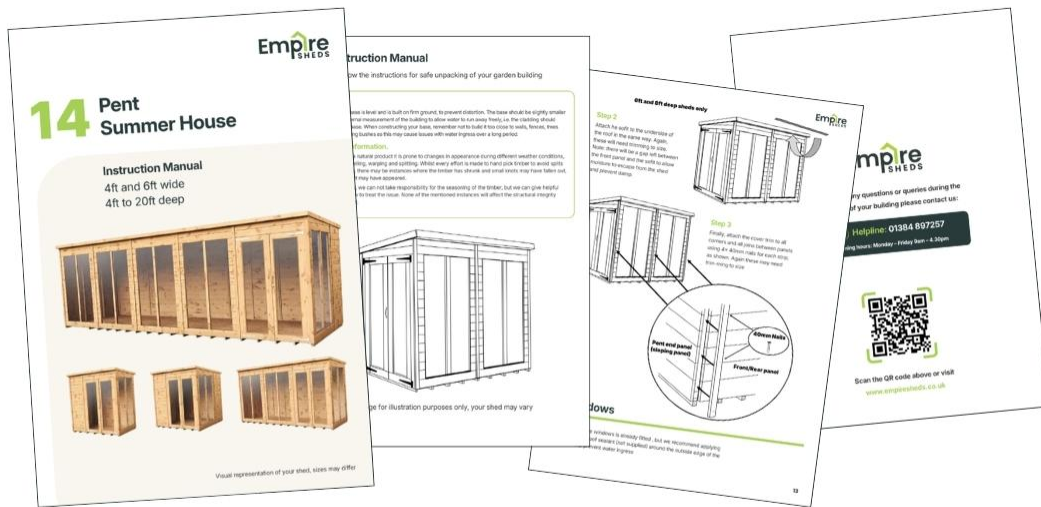

We provide a professional shed installation and assembly service across selected regions in England. Our experienced team will deliver your flat-pack shed and expertly install it in your garden, ensuring hassle-free and reliable service from start to finish.

Empire
SHEDS

INSTRUCTION MANUALS

Delivered as compact flat-packs for easy trade handling and storage, all Empire sheds include access to clear, step-by-step digital and physical instruction manuals.
